Pre-course for quantitative skills

BBMS 3009: Genome Science (First Semester, 2021)

Dr. Yuanhua Huang / 黃淵華

School of Biomedical Sciences &

Department of Statistics and Actuarial Science

香 港 大 學
THE UNIVERSITY OF HONG KONG

Pre-module: R skills (done by Sep 12, 2021)

1. **Install R and RStudio on your laptop (<10min)**

   • You can follow the detailed instructions here:

   https://holab-hku.github.io/R-workshop/prerequisite.html

2. **Get a basic taste of R programming (~10min)**

   • Try the computations listed in chapter 2.3 (and any others):

   https://compgenomr.github.io/book/computations-in-r.html

3. **Get a feel of plotting with R (~20min):**

   • Try the examples in chapter 2.7 (before FIGURE 2.4):

   https://compgenomr.github.io/book/plotting-in-r-with-base-graphics.html
